GREETINGS

from the City of Tulips

THERE is a time each year when the Tulip takes command of the clean, thrifty city of Holland, Michigan—a time when the festival spirit reigns and hundreds of thousands of people invade this lake-shore community to drink in the beauties of spring-time's most welcome flower. For here the Tulip is to be seen in profusion such as nowhere else in America, —a city bedecked in the glamorous color of millions of Tulips, presenting a sight that visitors find entrancing and completely captivating.

To entertain its avalanche of guests, Holland provides a daily round of festivities. The city goes "native" and dons its ancestral garb, everywhere are men and women, girls and boys, in typical Dutch dress, each of different pattern, yet all a part of an authentic picture—a gay, moving picture that provides for the Tulip a most appropriate and picturesque background. So highly regarded is the flower that has made Holland famous, that nothing cheap or artificial is allowed to mar the festival; the Tulip, alone, is Queen, and to its glory the city of Holland dedicates itself every year in May.

Holland's Burge-meester, who is here shown in his official Dutch dress, asks us to extend his greetings to the many recipients of this catalog, and to bid you "welkom" to Holland's Tulip Festival.

Nelis Nurseries play a quiet but important part in this annual Tulip festival. Not only do we supply the millions of Tulips which are to be seen throughout the city of Holland, but our mass plantings of over 500 varieties are the chief

point of interest to the thousands upon thousands of visitors. In its extensiveness of varieties and gorgeousness of color, the Nelis Tulip Farm is undoubtedly the most colorful mass display of Tulips to be seen anywhere in the world.

Dear Customer:

When our catalog went to press in April, 1940, just one year ago, we had no idea we were going to be faced by the biggest upset ever experienced by tulip growers. At that time prices were low and the market depressed, but barely was our catalog in the hands of our customers, when the invasion of Holland took place, and orders came pouring in at such a pace that by the end of the month of May, 1940, our usual supply was almost completely exhausted.

In the beginning of June of that year, prices were advanced 20 per cent on all tulips, and certain other bulbs, but wholesale prices advanced far more. Within a short time they were higher than our new retail prices, and many of our later orders were filled at a loss. Some of our customers who ordered after June first could not understand why prices on American-grown tulips should advance, as we were not at war, but as explained above, we had no other course to take, as our complete stock was practically sold during May.

This year our stock of tulips is considerably smaller than it was during 1940, and the importation of tulip bulbs is possible in only a small way from England, with transportation difficulties mounting constantly. Therefore we want to advise our customers not to wait to place orders, as in fairness to all, we must fill orders in rotation as received. Many scarce varieties have been eliminated from our 1941 catalog, and are sold only from the field, when thousands of flower lovers come to make their selections from the blossoms on display. Besides tulips, many other bulbs are unobtainable, such as Dutch Hyacinths, some varieties of fall-blooming Crocus, Eranthis, Fritillaria, Chionodoxa, Snowdrops and Scilla Sibirica. Our stock of Daffodils is ample, but the newer varieties introduced by us during the past two years are very scarce.

In this issue of our catalog we are therefore listing only such items which we are able to supply and have grown ourselves even though the stock is small. May we therefore again urge our readers to place their orders early, to avoid disappointment.

Yours very truly,
NELIS NURSERIES, INC.

GUARANTEE

Except where clearly stated otherwise in this catalog, we unconditionally guarantee every bulb we ship out to be strictly top size, and to be absolutely true to name. All bulbs shipped by us will grow and bloom under ordinary conditions. We have, however, no control over unfavorable weather or soil conditions, improper planting, neglect, moles or mice, and therefore cannot assume responsibility after they reach you. Stock not reaching you in first class condition should be reported within 10 days after receipt, and will be replaced free of charge if so received. After ten days it is mutually agreed that stock is satisfactory. Do not return bulbs or plants unless so instructed by us.

LATEST NOVELTIES

Belle Jaune

It has been our policy for years to show to the American public at our extensive display fields the latest varieties available in Tulip bulbs. Our 1941 listing is as nearly complete as can be desired, and contains varieties which probably will not be handled by the average seedsman or growers for another decade. We have connections with the foremost hybridizers in the world to supply us with their outstanding novelties, and we are glad to have these available for the real flower lovers of our country. It must be remembered that no new varieties are offered for sale unless they are better than any standard varieties in existence heretofore.

Nelis Giant May-Flowering

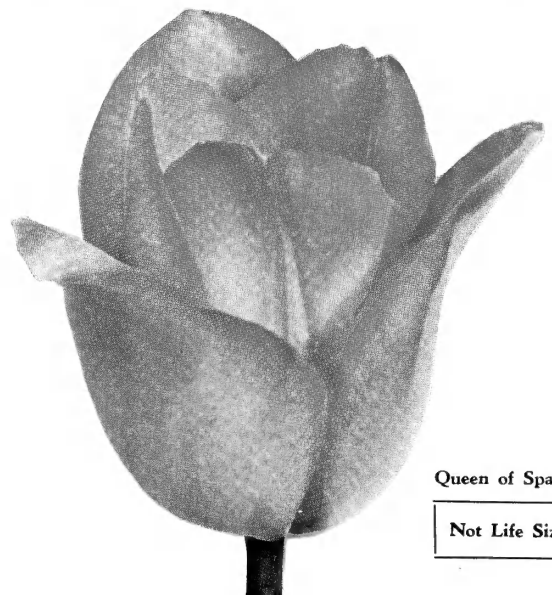

The modern Giant May-Flowering Tulip is the result of three separate experiments of Tulip breeding, formerly classified as Darwin, Cottage, and Breeder Tulips. Through the interbreeding of the three before-mentioned classes the terms Darwin, Cottage (or Hybrid), and Breeder Tulips still listed in so many catalogs have become so confusing that even among the best informed there are many clashes of opinion. Since the modern Giant May-Flowering Tulips contain the blood of all the three preceding crosses in proportions unknown to even the plant breeders themselves, it seems useless to maintain this class distinction any longer, as they are both scientifically and practically absolutely meaningless. We, therefore, will list them from now on as Giant May-Flowering Tulips. The term May-Flowering is based on our Michigan climate, and in southern locations the blooming period will of course be earlier. In revising our list for 1941 we have eliminated many varieties, which we have considered to be surpassed by later introductions.

Novelty Parrot Tulips

Here is a complete list of the most outstanding novelties in Parrot Tulips. These new Parrots, in contrast to the old type, all have heavy firm stems to keep the flowers erect, and are a valuable addition to any garden. These new types, strange to say, have all sported from the more popular varieties long known to the flower lover. Most everyone has admired Parrot Tulip Fantasy, which variety is by far the best known of this new type, and which has sported from the well-known Darwin Tulip, Clara Butt. They are so entirely different from all the other flowers that they provoke the startled admiration of all who see them.

DOUBLE TRIUMPH Tulips

(Peony-Flowering Type)

These double varieties are extremely showy, with flowers as large as Peonies, and come in an extraordinary range of colors. They have created a remarkable interest, and in the past nearly all the available supply has been bought by our Tulip Time visitors, who were able to see them in bloom. As real novelties we want to recommend them for exhibition or show purposes. Being of very latest introduction, quantity of bulbs is limited, and early orders are more apt to insure delivery.

BOTANICAL TULIPS

These wild Tulips come in lovely odd shapes, many with reflexed petals and curiously twisted and reflexed foliage. They belong in the rock garden where they thrive and increase if left in the ground from year to year. Plant them in groups of six to twelve bulbs among the rocks in fairly well drained pockets. We have eliminated all varieties of inferior and poor blooming qualities, and only those varieties that have given satisfaction under American conditions have been listed.

	Three	Doz.	100
CHRYSANTHA. 8 inches. One of the smallest species in existence; a real novelty. Color rich yellow with rose exterior		\$1.10	\$ 8.00
CORNUTA STENOPETALA. 15 inches. Graciously formed flowers of scarlet and gold. The long, narrow and twisted petals give an effect which is not seen in any other Tulip. Held upright on a tall, stiff stem; a most interesting species, having a very long blooming season	1.00	3.50	
EICHLERI. 10 inches. Crimson-scarlet shaded orange, with glittering black center marked with gold. Very large flower. This variety will outshine a great many of our cultivated Tulips. Native of Turkestan. Highly recommended40	1.35	10.00
FLORENTINA ODORATA. 15 inches. Deep golden yellow inside; outside yellow to buff. Long pointed petals of unusual shape85	6.50
KAUFMANNIANA (The Water Lily Tulip). 6 inches. Creamy white tinged rosy red; flowers large, attractive, with reflexing petals. One of the earliest and most free bloomers45	1.40	10.50
MADAME LEFEBER. 15 inches. A most intense orange-red. This variety is considered to produce the largest flowers of any variety, for the petals measure $2\frac{3}{4}$ by $5\frac{1}{2}$ inches, and when normally opened is 8 inches across. A most valuable addition. On account of its tremendous size plant in shaded and protected spot	1.50	5.00	
MARJOLETTI. 14 inches. Soft primrose with a carmine-red border; the flower is held on a strong and straight stem. Native of Savoy. Blooms second week in May40	1.35	10.00

Narcissus or Daffodils

In order to have a beautiful bulb garden, Narcissi should be planted very freely. They thrive in practically any climate in the United States, and are not only excellent for outdoors, but millions are used every year for forcing indoors. Their graceful form, beautifully shaped trumpets and cups, and the long straight stems have made them favorites for cut flower purposes with every American gardener.

Many new varieties have been added to the old favorites. For a real revelation you should try some of the newer types, they are really exquisite.

In order to understand the different types coming under the Daffodil classification, the explanation below should be read.

The term Trumpet Daffodils means that the trumpet is as long or longer than the perianth segments, regardless whether the color is lemon-yellow or white.

The term Incomparabilis means that the cup or crown measures from one-third to nearly the length of the perianth segments.

The term Leedsis means that the perianth is white, the cup is short, either white, citron or sometimes pink or apricot.

The term Barri means that the cup or crown measures less than one-third the length of the perianth segments.

The term Jonquil means that the foliage is very long and narrow, or round, in other words, rushlike; the flowers buttercup yellow, small, but very fragrant.

The term Poetaz means the bunch-flowering type, producing from six to twelve flowers per stem, and in all cases deliciously fragrant.

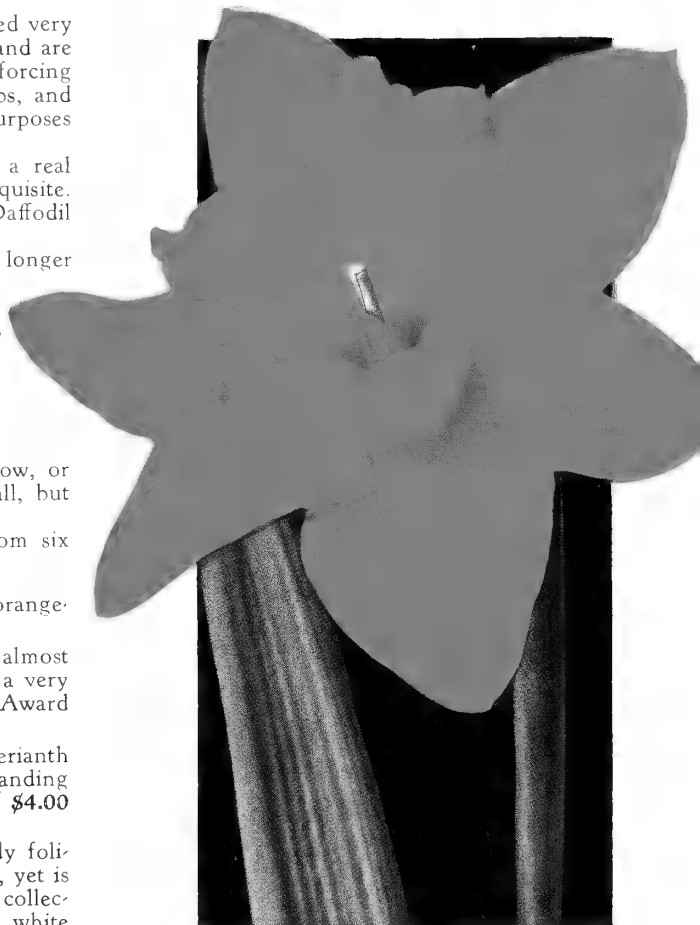

Albatross. (Barri.) White perianth, pale citron-yellow cup, edged orange-red. 30c per 3; \$1.05 per doz.; \$7.50 per 100.

Archeron. (Barri.) Outer petals open cream color, which turns almost pure white as the flower ages. The cup is of a deep orange color, a very strong and long lasting variety for outdoor planting. Received an Award of Merit. 75c per 3; \$2.50 per doz.; \$18.00 per 100.

Beats All. (Incomparabilis.) A novelty of recent introduction, perianth of light sulphur-yellow with a crown of chrome-orange. An outstanding late and free flowering variety of robust growth. \$1.20 per 3; \$4.00 per doz.; \$30.00 per 100.

Beersheba. Perianth and trumpet of magnificent proportions. Sturdy foliage and stem. Height 20 to 22 inches. Its color is not pure white, yet is expressive of purity in the highest sense. Those who are forming collections of fine Narcissus rate Beersheba at the top of the large white Trumpets. Each, \$1.50; \$4.00 per 3.

Bernardino. (Incomparabilis.) Large, creamy white perianth, cup of pale lemon-yellow flushed with pinkish apricot, heavily frilled. \$1.25 per doz.; \$8.00 per 100.

Evangeline. (Leeds.) Tall variety, nearly pure white, creamy cup, fine for naturalizing. 90c per doz.; \$6.00 per 100.

Firetail. (Barri.) A new variety of importance, broad-petalled, creamy white perianth and large orange cup with scarlet-orange frill. Received Award of Merit and First Class Certificate. 80c per 3; \$2.75 per doz.; \$20.00 per 100.

Glorious. (Poetaz or Bunch-Flowering.) Tall flower, delightfully informal habit, pure white, round perianth with brilliant orange-scarlet cup. Fine for semi-shade. Received an Award of Merit and First Class Certificate. \$1.25 per 3; \$4.25 per doz.; \$32.00 per 100.

Helianthus. (Barri.) Soft yellow perianth with a short, wide open cup, and a distinct edge of clear orange-red, extending golden yellow to the throat. The flower is medium in size, but very striking in its unusually fine and brilliant appearance. \$1.20 per 3; \$3.90 per doz.

Imperator. (Trumpet.) This lovely, graceful Daffodil is considered one of the finest varieties. Perianth and cup purest white. \$1.05 per 3; \$3.50 per doz.

Inglescombe. (Double.) Of pure yellow color, resembling a yellow rose. This variety received first, an Award of Merit, as a show flower, and later an Award of Merit as a market variety for cutting from the open. 75c per 3; \$2.50 per doz.; \$19.00 per 100.

John Evelyn. (Incomparabilis.) Deservedly an international favorite, and an outstanding variety among this class. Opening flat, the pure white perianth measuring 4 or 5 inches across, with a flat lemon-yellow cup two inches in diameter. The cup is densely frilled and fluted or shirred to the base, good neck, strong grower, and free flowering. One of the finest Daffodils in this class at the present, and for years to come. Received an Award of Merit. 60c per 3; \$2.00 per doz.; \$15.00 per 100.

Thalia

King Alfred. (Yellow Trumpet.) The finest giant all golden yellow Narcissus. 40c per 3; \$1.35 per doz.; \$10.00 per 100.

Lady Diana Manners. (Barri.) Outstanding among new red Daffodils, with a large creamy white perianth and orange-red cup. Received an Award of Merit. \$1.20 per 3; \$4.00 per doz.; \$30.00 per 100.

Lady Moore. (Barri.) Popular the world over, pure white perianth with orange colored cup, free flowering variety. \$1.35 per doz.; \$8.50 per 100.

Laurens Koster. (Poetaz.) White perianth with delicate lemon colored cup. A splendid variety. 40c per 3; \$1.35 per doz.; \$8.00 per 100.

Lord Wellington. (Yellow Trumpet.) This glorious Daffodil is the best of the all-yellow trumpets ever offered. The enormous flower of rich golden yellow has massive, broad petals, and an immense trumpet, and is carried on a strong stem. This exquisite novelty should be included in every collection. \$1.50 per 3; \$5.60 per doz.

Luna. (Jonquil.) One of the very best of this type, producing two or three large, very beautiful lemon-yellow flowers on each stem. Very fragrant; late blooming. 75c per 3; \$2.50 per doz.; \$19.00 per 100.

Mary Copeland. (Double.) A beautiful novelty of the new semi-double type, and termed the most striking new double. The longer petals are pure creamy white with a golden ray down the center, interspersed with shorter petals of lemon and brilliant orange, giving a three-color effect. Received a First Class Certificate and an Award of Merit. \$1.95 per 3; \$6.50 per doz.; \$48.00 per 100.

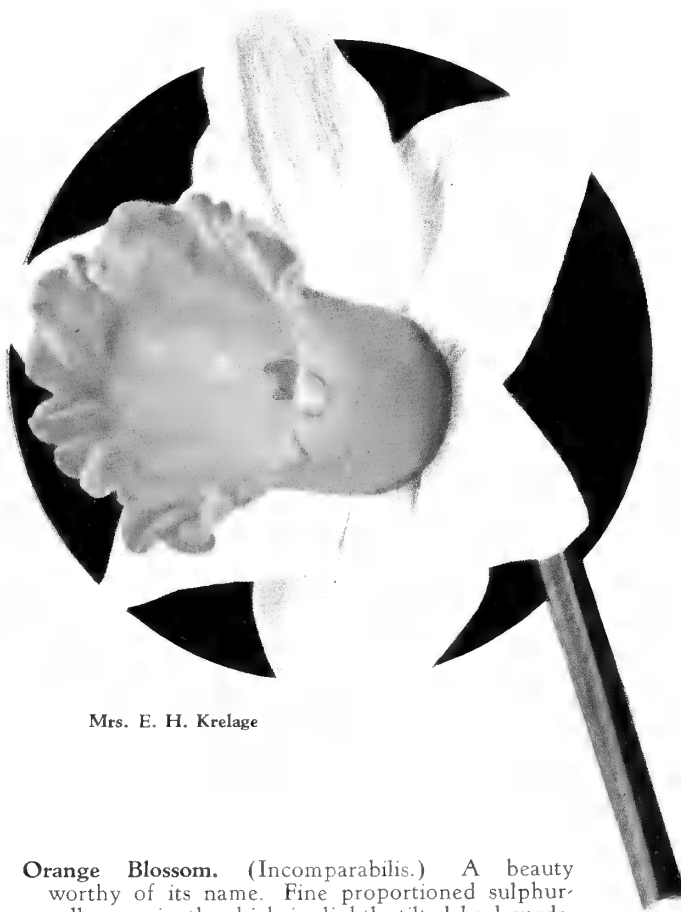

Mayflower. (Poeticus.) The finest of the class we have yet seen. Pure white perianth of exquisite form, the short cup edged fiery red, changing to orange at center. Received an Award of Merit as a show flower. \$1.60 per 3; \$5.75 per doz.

Medusa. (Poetaz.) Perianth pure white with an orange-red cup. This variety received a First Class Certificate for a market variety for cutting from outside, as well as a variety for garden decoration. 40c per 3; \$1.35 per doz.; \$9.50 per 100.

Mrs. R. O. Backhouse. (Leeds.) This is the famous "Pink Daffodil;" fine informal perianth of ivory-white, and beautifully proportioned, slim, long trumpet of apricot-pink, changing to shell-pink at the deeply fringed edge; delicately beautiful, but of exceptional substance; long lasting; early; belongs in every collection. \$1.60 each; \$4.50 per 3.

Mrs. E. H. Krelage. (Trumpet.) The best known of the now popular white Daffodils, of very sturdy growth. Perianth and trumpet are of the same color, and this variety is often referred to as the "White King Alfred." 65c per 3; \$2.20 per doz.; \$16.50 per 100.

Olympia. (Yellow Trumpet.) Perianth light chrome-yellow, trumpet deep chrome-yellow, of huge dimensions. 45c per 3; \$1.50 per doz.; \$11.00 per 100.

Mrs. E. H. Krelage

Orange Blossom. (Incomparabilis.) A beauty worthy of its name. Fine proportioned sulphur-yellow perianth which is slightly tilted backwards, showing to greater advantage the beautifully shaped deep orange trumpet. \$1.65 per 3; \$5.50 per doz.

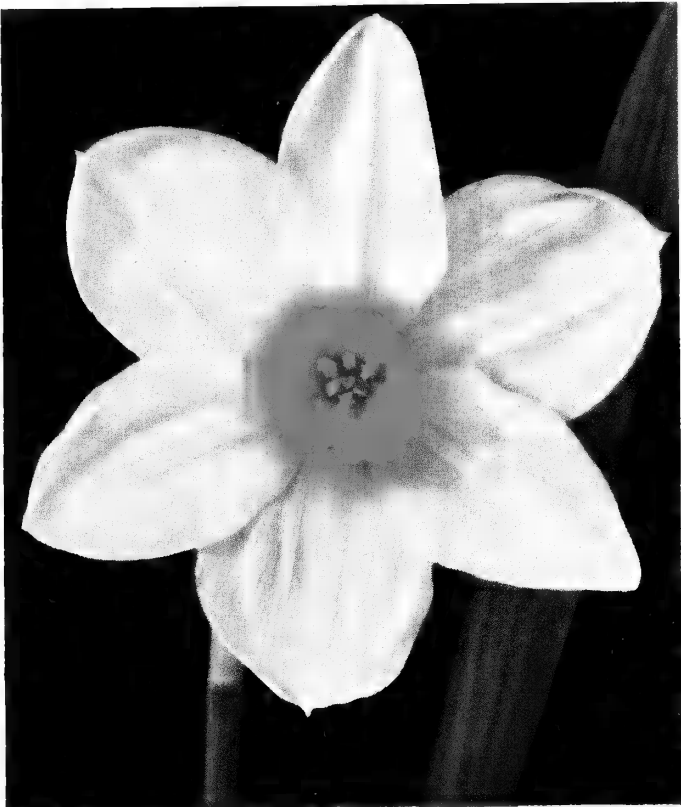

Orange Cup. (Poetaz.) Perianth clear yellow with bright orange cup, considered one of the finest of the Poetaz group. Fine for semi-shade. 40c per 3; \$1.40 per doz.; \$10.00 per 100.

Pheasant's Eye. (Poeticus.) Snow-white perianth; cup margined with bright crimson. Very fragrant; late blooming. 30c per 3; \$1.05 per doz.; \$7.50 per 100.

Pygmalion. (Incomparabilis.) Perianth sulphur-yellow, changing to ivory, showing deeper highlights. Large, frilled deep yellow trumpet, with a distinct orange edge. Received an Award of Merit. \$1.45 per 3; \$4.80 per doz.

Queen of the North. (Leeds.) Cup of glistening white, perianth soft primrose-yellow with sulphur-white edge. Fine for naturalizing. 35c per 3; \$1.15 per doz.; \$8.00 per 100.

Red Beacon. (Barri.) Ivory-white perianth and very striking, spreading brilliant orange cup. 50c per 3; \$1.65 per doz.; \$12.00 per 100.

Spring Glory

Red Cross. (Incomparabilis.) A famous new variety, extra large and a strong grower, producing a flat primrose-yellow perianth and a deep yellow cup, densely frilled deep orange, substantial and long lasting. Fine both in the garden and for exhibition. 75c per 3; \$2.50 per doz.; \$18.00 per 100.

Red Guard. (Poetaz.) Perianth of deepest golden yellow overlaid with salmon, and a cup of deepest fiery red, making a beautiful and unusual color combination. \$1.50 per 3; \$5.20 per doz.

Robt. Sydenham. (Trumpet Daffodil.) A superb heavily frilled trumpet of beautiful golden yellow, backed by a symmetrical soft sulphur-yellow perianth. The whole flower shows strength, and is beautifully proportioned. Highly desirable for exhibition and garden purposes. \$1.20 per 3; \$4.25 per doz.

St. Olaf. (Leeds.) Tall, with deliciously fragrant white flowers. 30c per 3; \$1.05 per doz.; \$7.00 per 100.

Saturnus. (Barri.) Large, pure white perianth, and an unusually beautiful deeply frilled, deep orange cup, producing a glorious and striking effect against its white background. Strong flower and unquestionably one of the finest we offer in the latest varieties. Received the Award of Merit as well as First Class Certificate. \$1.50 per 3; \$5.30 per doz.

Sirene. (Barri.) A large, well shaped perianth of cream-yellow with an enormously large, flat crown of brilliant orange, shading to orange-yellow at the center. A strong grower, free blooming. \$1.55 per 3; \$5.50 per doz.

Sparkling Eye. (Poetaz.) To us the most outstanding variety of the bunch-flowering type, which is in great demand among growers. White outer petals, cup glittering scarlet. Free blooming and fragrant. Blooming with the Darwins, it prolongs the blooming season of Narcissi. Recently received an Award of Merit. \$1.40 per 3; \$4.75 per doz.

Spring Glory. (Bicolor.) Clear white perianth, trumpet of deep yellow, producing a good color contrast. A fine variety for the garden. 40c per 3; \$1.35 per doz.; \$10.00 per 100.

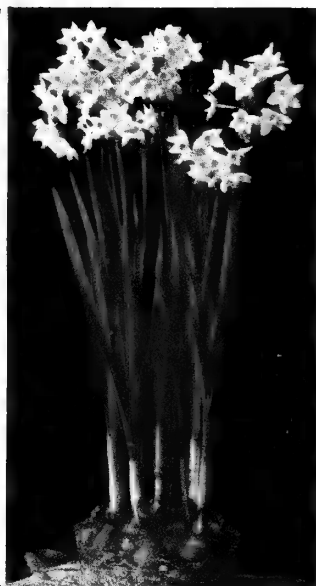

Thalia. In addition to a peculiar attraction at first sight, this flower leaves one with an impression that it is white, yet it is a whiteness that is not white. The recurving petals and the angle of the three trumpets are unlike the conventional short-cupped Daffodil. The stem is dark green, round and reedlike thin. Called "Orchid-Flower" Narcissus. 75c per 3; \$2.50 per doz.; \$18.50 per 100.

The Governor. (Barri.) Beautiful overlapping petals of perfect symmetrical proportions, but seldom seen in Daffodils. The color is white, changing to ivory in center, and the fringed cup of bright red makes a beautiful contrast against its pure white background. We received this Daffodil direct from the originator, and are the first to offer this outstanding variety to the public. \$1.50 per 3; \$5.30 per doz.

Paper-White Narcissi

Suitable for indoor growing in pots, gravel, sand or fiber. Can be had in bloom from Christmas until Easter. Plant different lots every two weeks from October first until March first. Will give you an abundance of beautiful flowers during the winter. Not suitable for outdoor planting except south of the Carolinas. We offer only Jumbo or Exhibition size bulbs.

DAFFODILS *for Naturalizing*

Suitable for Woodland Planting, Cutting or Garden Display.

Practically any soil has been found suitable and they are grown equally well in the open as among trees and in woodland.

Containing a mixture of Large Trumpets, Leeds, Barri and Poeticus types, making a mixture that cannot be beaten for value, and worth much more than we charge for them. Plant at least eight inches deep, but avoid places where water may collect at any time, as they like drainage. Try to plant before October 15th, or shortly thereafter, but place your order early, as the demand is increasing for these bulbs at this special low price we have adopted, and we cannot take orders for less than 50 bulbs.

The Prince Barry. (Poeticus.) One of the outstanding new Poeticus type. Perianth of purest white, wide overlapping petals of fine symmetrical form. The large, flat cup of golden yellow is bordered with a distinct dark red and has a green center. **\$1.45 per 3; \$5.00 per doz.**

Tredore. (Barri.) One of the most striking of the new varieties. Perianth of soft moonlight-yellow and striking symmetrical open cup of fiery red with a soft salmon flush extending to the throat. Received an Award of Merit. **\$1.80 per 3; \$6.00 per doz.**

Twink. A double of the semi-full type, with alternating petals of soft primrose and clear orange, and so arranged as to give the flower a most attractive appearance. Very free flowering and hardy. **50c per 3; \$1.75 per doz.; \$12.50 per 100.**

Van Waveren's Giant. Enormous flower with deep yellow trumpet, perianth of pale yellow with outer petals exceptionally broad, and inner ones usually slightly twisted, making it very graceful. **70c per 3; \$2.25 per doz.; \$16.50 per 100.**

Vesta Tilly. (Barri.) Well proportioned light yellow perianth showing a beautiful wide open, heavily frilled crown. The crown is rimmed deep orange-red, the orange extending to the throat. Among the very latest blooming varieties it is outstanding. **\$1.50 per 3; \$5.30 per doz.**

Von Sion. (Double.) The well known double golden yellow flower, whose bulbs of vigorous growth are now again available. **40c per 3; \$1.25 per doz.; \$8.50 per 100.**

Whitewell. (Incomparabilis.) Flat creamy white perianth, large, open cup of chrome-yellow. **35c per 3; \$1.20 per doz.; \$8.00 per 100.**

Will Scarlett. (Incomparabilis.) Perianth of primrose-yellow with large, conspicuous cup. **40c per 3; \$1.35 per doz.; \$10.00 per 100.**

Xenophon. (Poetaz or Bunch-Flowering.) Producing large flowers of deep yellow and large orange cup, free flowering and delightfully fragrant. Received an Award of Merit as a variety for cutting. **60c per 3; \$2.00 per doz.; \$15.00 per 100.**

Yellow Poppy. (Barri.) A fine new introduction, with a well proportioned perianth of good size and flaring trumpet. Perianth of deep yellow and cup of the same lovely shade. Beautiful, and recommended for garden or for cutting. **30c per 3; \$1.05 per doz.; \$7.50 per 100.**

Zwanendrift. (Barri.) A large and graceful pure white perianth with a beautifully frilled golden yellow cup which is edged with a bright red border. A very sturdy flower. **\$1.50 per 3; \$5.00 per 100.**

Special Offer in Seedling Narcissus

We were fortunate to buy from one of the best hybridizers in the world a limited number of extraordinary seedlings, as ill health forced the originator to discontinue his labors.

Each individual bulb is of high enough standard to produce a variety of its own, and bear its own name. Each plant is different from the other, practically all having red-orange or scarlet centers, and are the finest seedlings we have ever seen, and therefore we cannot recommend them too highly. Here is your chance to enjoy something really so new and surprisingly beautiful for so little, besides, Narcissi make a permanent planting for you to enjoy for many years.

MINIATURE FLOWERING BULBS

FALL BLOOMING CROCUS

These Crocus are different from the spring-blooming Dutch Crocus, and bloom during the month of October, while their foliage and seed pods as well are produced the following spring. They are perfectly hardy and establish and multiply easily. Order early. They should be planted in September. Try this Crocus for something entirely different.

Zonatus. Rose-lilac and a very free bloomer. A very satisfactory variety, which may be used for indoor blooming. They will bloom dry, without soil or water, and after they are through blooming they may be planted in the garden where they will establish themselves without effort. 60c per doz.; \$4.50 per 100.

MUSCARI (Grape Hyacinth)

The foliage of this plant is very similar to that of Scilla, but the flowers are of entirely different form—grapelike clusters closely set, and wonderful cut flower, splendid for naturalizing. Height 15 inches.

Alba. White. 90c per doz.; \$7.00 per 100.

Heavenly Blue. 60c per doz.; \$4.25 per 100.

Plumosum (Plume Hyacinth). A very unusual and fascinating flower, bearing feathery plumelike flowers of rosy violet color. Blossoms in May. 90c per doz.; \$6.50 per 100.

SCILLA CAMPANULATA

All varieties of Scilla Campanulata are splendid for naturalizing, because they will flower in shady places. All have bells like small hyacinths, forming long and graceful spikes. Height 15 inches.

Campanulata alba. White. 90c per doz.; \$6.50 per 100.

Campanulata, Blue Queen. Large bright blue. 90c per doz.; \$6.50 per 100.

Campanulata, Rose Queen. Soft lilac-rose. 90c per doz.; \$6.50 per 100.

Crocus Zonatus

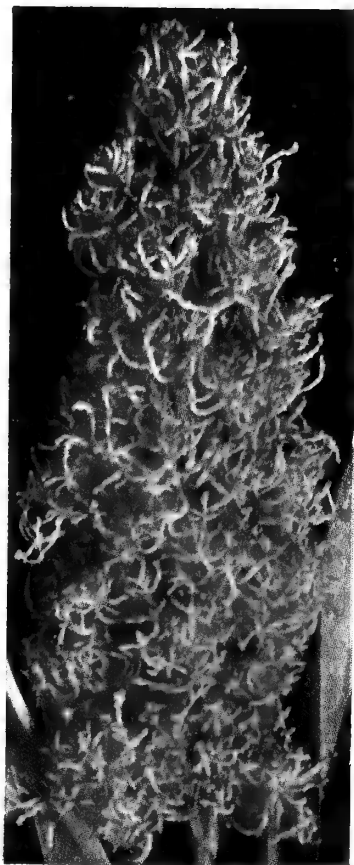

Leucojum Vernum

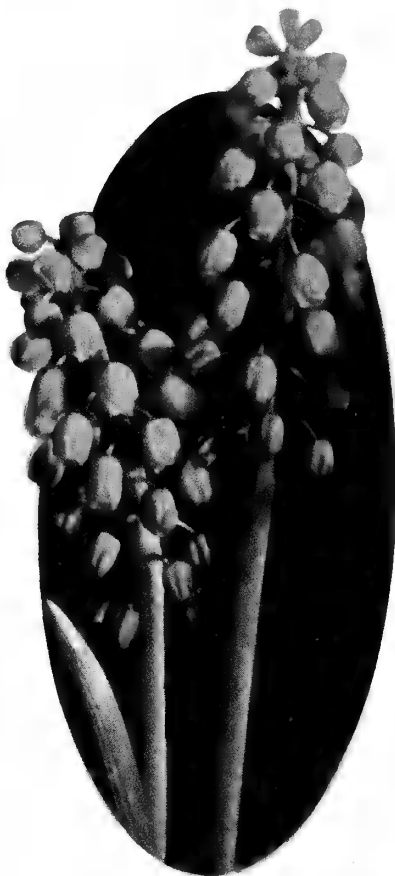

LEUCOJUM VERNUM

(Spring Snowflake)

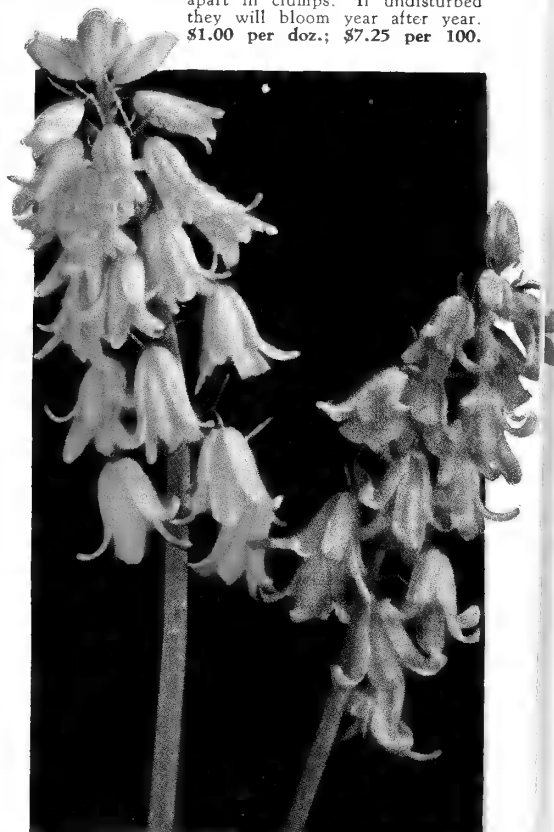

This is an early, and one of the most attractive spring flowers. They reach a height of approximately 6 to 8 inches, and bear dainty nodding flowers of white, tipped with green. They should be planted in early fall in a good, well drained soil, about two inches deep, and are especially effective if planted about four or five inches apart in clumps. If undisturbed they will bloom year after year. \$1.00 per doz.; \$7.25 per 100.

Aristocratic Hardy GARDEN LILIES

Beautiful ~ Fragrant

Stately, beautiful and fragrant. One of the most desirable of all flowers. Plant them in groups in the flower border and shrubbery. Allow them a background of evergreens to display their stately beauty.

Philippinense Formosanum (Green-Throated Lily). A new, very graceful Lily, producing very long and trumpet-shaped flowers. Inside pure white, with green throat; outside white shading to reddish brown, with reflexing petals, grassy foliage and slender stems. Blooms from July to September. Very fragrant and free bloomer. 3 for 90c; \$3.25 per doz.

Lilium Tenuifolium. A dainty little Lily with slender stems and grassy foliage, blooming in June or July, producing numerous showy scarlet flowers with reflexing petals. Prefer a sunny location in well-drained soil. 3 for 60c; \$2.00 per doz.; \$14.00 per 100.

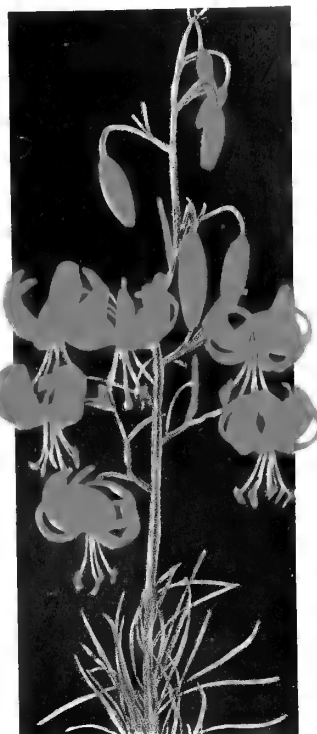

Lilium Candidum (Madonna Lily). Also known by many as "June Lilies." This is one of the oldest, loveliest, and best known Lilies. It is the earliest white outdoor garden Lily. You have often admired it. Has rich perfume and snow-white flowers from 3 to 15 on a stem. It is very hardy and will thrive in any light garden soil, with plenty of light and air. **Largest flowering bulbs**, 3 for \$1.05; 12 for \$3.75; \$29.00 per 100. **Medium flowering bulbs**, 3 for 85c; 12 for \$3.00; \$22.00 per 100.

Lilium Henryi. A most elegant Lily discovered in Central China, producing handsome branching heads of twenty or more flowers of a soft orange-yellow color. Blooms August to September. A hardy and vigorous grower, reaching a height of 6 to 8 feet when established. Can safely be planted in cold climates, and are permanent. 3 for \$1.00; \$3.50 per doz.

Lilium Testaceum. Salmon-apricot color and orange anthers. This variety does well under the same conditions as *Lilium Candidum* and blooms at the same time. Grows from 4 to 5 feet high. Plant shallow. Very scarce. \$2.00 each.

Lilium Pardalinum Californicum. Deep orange blossoms, spotted with maroon, large, recurved petals tipped scarlet. Blooms in July, hardy and robust, does well in any garden soil. Reaches a height of 7 feet, often carrying as many as 15 to 20 blooms, with dark green foliage. Produces a succession of bloom for 2 or 3 weeks. 3 for 90c; \$3.00 per doz.

Lilium Pardalinum Giganteum (Sunset Lily). A very satisfactory Lily, which is vigorous, hardy and of easy culture. Blossoms are of brilliant sunset-red, with a yellow base spotted brown, slightly recurving petals. Blooms in July, carrying sometimes as many as a dozen or more blooms on 7-ft. stalks. 3 for 75c; \$2.50 per doz.

Lilium Tenuifolium

LILIAM ELEGANS, RED. This variety should be planted in fall or early spring, 8 to 9 inches deep, in sunny situation. Flowers in June and July, producing lovely blossoms of a rich dark coppery crimson, with purple-black spots at base of petals. Attains a height of 18 to 24 inches; very effective. 3 for 90c; \$3.00 per doz.

TIGER LILY. A remarkable, handsome Lily of easy culture, producing an abundance of large, showy, brilliantly colored flowers in August and September; very hardy. Rich orange-scarlet flowers, spotted crimson-brown. Height five feet. 3 for 75c; \$2.40 per doz.; \$7.00 per 100.

DOUBLE TIGER LILY. The double form of the single Tiger Lily. It is the best form of double Lilies today. Blooms in August and September. Height 5 feet. 3 for \$1.00; \$3.50 per doz.

LILIAM CROCEUM. One of the finest and strongest orange-yellow flowers, producing as many as 40 upright blossoms per plant; a really nice Lily. Height 3 feet. 3 for \$1.50; \$5.50 per doz.

LILIAM SPECIOSUM RUBRUM. White, tinted and heavily spotted red; the showiest Lily in this color class. 3 for 95c; \$3.25 per doz.; \$24.00 per 100.

LILIAM SPECIOSUM ALBUM. Beautiful snow-white flowers with a golden green stripe through the center of each petal, and anthers of a coppery tint. One of the most beautiful Lilies we list. Very scarce. 3 for \$1.50; \$5.00 per doz.

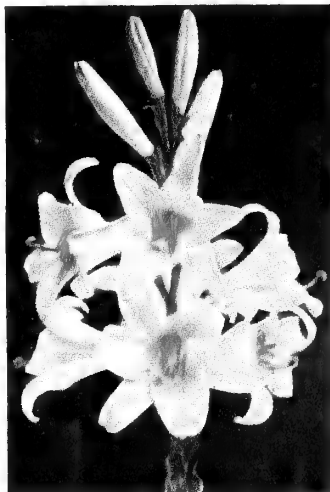

LILIAM AURATUM (Gold Band Lily of Japan). This is undoubtedly one of the finest of all the Lilies, with large, graceful and fragrant flowers of a delicate ivory-white color, spotted chocolate-crimson, and striped through the center of the petals with golden yellow. 3 for 95c; \$3.25 per doz.; \$24.00 per 100.

LILIAM UMBELLATUM DAVURICUM ERECTUM. A very free flowering Lily of easy culture, carries large masses of light orange-red flowers. Prefers a cool, shady position. 3 for \$1.20; \$4.00 per doz.

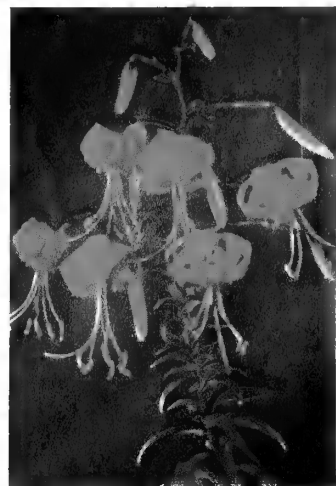

LILIAM MICHIGANSIS. Graceful orange flowers; beautiful native Lily of Michigan. Under ideal conditions it grows from 6 to 7 feet high; very hardy and easily established. 3 for 90c; \$3.00 per doz.

Colchicum

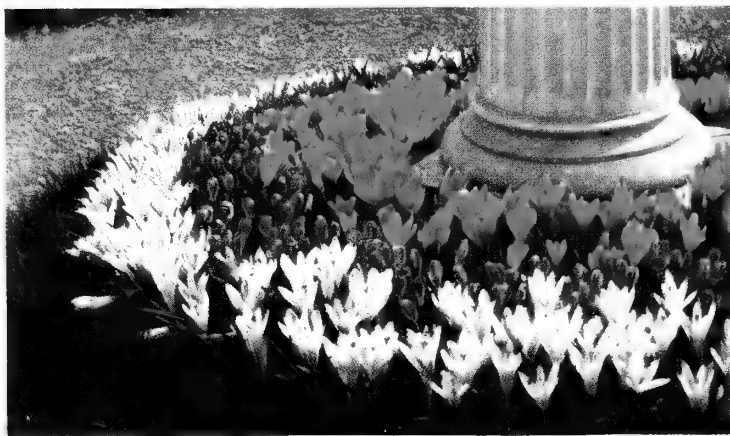

New Large-Flowering COLCHICUM

We are offering here a complete listing of the newest varieties of this interesting novelty. The flowers of this new type are immense, much larger than those of the Autumnale class. The blooming period is during the months of September and October. They produce very large blossoms, which are, in many instances, more than 6 inches across. The foliage, however, appears early in the spring, and dies down during the month of June. The bulbs may also be kept indoors where they will bloom in a window, without earth or water, and after blooming they may be planted outdoors, in early November. The bulbs should be planted during the month of August for outdoor blooming.

AUTUMNALE ALBUM. Pure white. 25c each; 70c per 3; \$2.50 per doz.
AUTUMNALE ALBUM FL. PL. Double pure white, very scarce. \$1.25 each; \$3.50 per 3.
AUTUMNALE MAJOR. (True.) Lavender. The best of the older varieties. 30c each; 85c per 3; \$2.50 per doz.
AUTUMN QUEEN. Dark lilac, prolific and early. After years of careful observance we find this variety is outstanding, and highly recommended by us as among the best of the new varieties. 55c each; \$1.50 per 3; \$5.50 per doz.
BORN MUELLERI. Fine, cup-shaped flowers of rose-lilac, with white center. 40c each; \$1.10 per 3; \$4.00 per doz.
CONQUEST. Extra large, dark purple, a very fine variety. 65c per 3; \$1.75 per doz.; \$6.50 per 100.
DISRAELI. Large light purple. 60c per 3; \$1.65 per doz.; \$6.00 per 100.
GUIZOT. Very large dark violet, late bloomer. 65c per 3; \$1.75 per doz.; \$6.50 per 100.
LILAC WONDER. Extra large flowers of clearest mauve. The largest number of flowers of any of this new type. This is another variety we find outstanding, and can highly recommend as one of the best. 75c each; \$2.00 per 3; \$7.50 per doz.
PREMIER. Large soft violet, early, very free bloomer. 70c each; \$1.85 per 3; \$7.00 per doz.
VIOLET QUEEN. Large lilac-violet, extra. We find, after years of careful observance, that this is also a particularly outstanding variety, and one which we highly recommend. 60c each; \$1.65 per 3; \$6.00 per doz.
WATER LILY. Large double lilac flowers, long lasting. Very scarce. Medium late. \$2.50 each.

Autumn Flowering IRIS

Flowering Two or More Times Each Season

We take great pleasure in offering a list of the finest fall bloomers in cultivation. While best results are secured with these Irises below the Mason-Dixon Line, with a little care we have obtained excellent fall bloom in Michigan. Some of the varieties listed not only bloom profusely early in spring, but under favorable conditions also produce crop after crop of flowers for more than 100 days in late summer and fall. There are as yet but comparatively few of these flowers in existence, and the demand has been so great that we, as well as the few other growers who have stocks of fall bloomers, could fill only a small proportion of the orders received last year. Please order early.

BLACK MAGIC. 26 inches. This rich purple variety, which turns to wine-red when struck by the rays of the setting sun, has enough intrinsic merit to recommend it highly even if it bloomed only in the spring, and did not produce another prodigious crop of flowers in the fall. When the climate is favorable, it sometimes blooms for two weeks in the spring and 100 days in summer and fall. Many rhizomes send up three and even four bloom stalks30	3.00

English IRIS

This magnificent mixture of bulbous English Iris has been developed at our own nurseries, and contains all the choicest varieties which can possibly be had in these fine Iris. The English Iris are a bulbous Iris which bloom in our latitude about the early part of July, and come after all other Iris are through blooming. They should be planted as soon after the beginning of September as possible for best results. They prefer the more moist and heavier soils, and should have good drainage. The blooms of the English Iris are considered to be the finest of any in the Iris class, and each individual bloom is strikingly beautiful, and as cut flowers they are unsurpassed. We are offering them here in a fine mixture of colors. 95c per doz.; \$7.00 per 100.

Dutch Iris

Dutch IRIS

A new and early flowering race coming into bloom just after the Tulips are gone. The flowers are large, resembling the orchids, and are distinctive and brilliant in color. Flowers are of heavy texture and when cut have wonderful keeping qualities. Bulbs should be planted in the fall, 5 inches deep, on well-drained soil, with slight protection after freezing weather sets in. Offered at new low prices.

Japanese IRIS

These are among the most gorgeous of the entire Iris family. There is nothing more showy than these fine Japanese Iris, and as they blossom after the other Irises have finished flowering, they thus prolong the Iris season for several weeks. There are giant singles and doubles, self colors, mottled, striped, and blended effects, subtle soft tints and intense deep colors in a most comprehensive range. Planted in a mass, or as a border, they are ideal. Not the least of their fine points is the graceful foliage, a thing of beauty after the blooms are past. They are different in form from all other Irises. Many are as large as a dinner plate.

Culture: Late plantings should be protected by a light covering of straw or leaves after the ground is permanently frozen, to prevent roots from being heaved out of the ground by frost. Plant in spring, or September and October. Avoid all lime. Once established, they flower profusely year after year.

All Kaempferi Iris are priced alike: 35c each; 3 for \$1.00; \$3.50 dozen

Betty Jean Childs. Single. White, faintly splashed and veined purple. Petaloids deep purple.

Caprice. Single. Sometimes a solid lavender-blue. More often striped and mottled.

Dominator. Single. Rich indigo-blue with narrow white stripes and lighter center. One of the finest and richest colors.

Elbrus. Double. A recent introduction. We consider this the best of all the clear lavenders. Exceptionally large, six-petalled.

Ethel J. Marshall. Single. Ivory-white splashed and veined with dull bluish violet. Petaloids aconite-violet edged white. Stigmas ivory-white edged with violet.

Gekka-No-Nami. Double. Dense, pure white, with yellow center.

Gold Bound. A fine double, of pure white, with cream glow at gold-banded center. Heavy firm petals that seem to be formed of wax.

Jeanette Parry. Single. White suffused with lines of bluish violet, petaloid stigmas amethyst-violet.

Lucie Marshall. Gigantic double of pansy-violet, with a white throat area with yellow blotch. Petals veined with white.

Pyramid. A magnificent double to triple deep blue-purple, with white veins and yellow throat in striking contrast.

Red Riding Hood. A fine single amaranth, veined and suffused white. A color combination hard to find.

T. S. Ware. Double, reddish violet flowers of large size, veined white. White center, slightly marked lemon.

Violet Giant. Single, reddish purple flower with a conspicuous yellow blotch; dark veins. Extra fine and large.

VESPER IRIS

(Dichotoma)

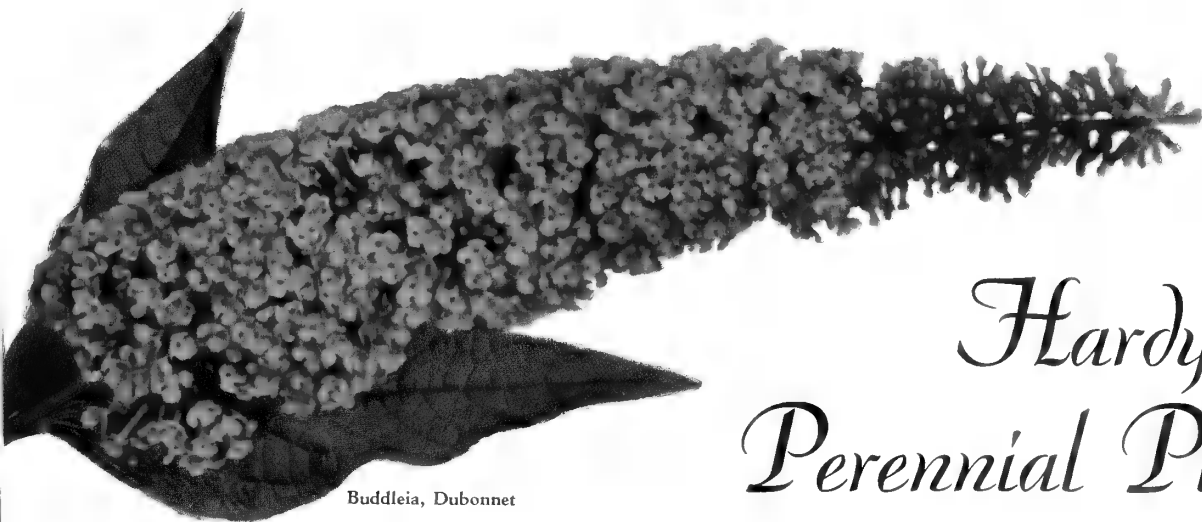

The beautiful filigree of graceful branches of the Vesper Iris is studded with from one to two hundred jewel-like flowers, truly a mammoth bouquet. The delicately colored blossoms, which at a little distance resemble somewhat a multitude of gorgeous butterflies at rest, with motionless, outstretched wings, vary in color, including such hues as cool translucent lavender, with markings of mahogany, copper, lemon, orange, brown or tyrian.

The Vesper Iris, which is exceedingly easy to grow, blooms for a month, during July and August, when flowers are scarce. Resists both severe cold and intense heat with impunity. Be the first one in your locality to grow this unique Iris. 3 for 55c; 7 for \$1.00.

IRIS RETICULATA

(Fragrant Iris)

This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Spanish or Dutch Iris. Its main value lies in the fact that it may be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a four- to five-inch pot when received will bloom about Christmas time. The fragrant blossoms remind one of a bunch of fresh violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery. 3 for 80c; \$2.65 per doz.; \$20.00 per 100.

Buddleia, Dubonnet

Hardy Perennial Plants

The following list of Perennials will give you a great display of flowers from early spring to late fall.

AQUILEGIA (Columbine). Dainty, showy and desirable as cut flowers, available for Memorial Day. Blooms in early spring into July, preferring partial shade. These Hybrids are a triumph, following many years of crossing and selections; notable for size and sturdiness, long spurs, and the most extensive range of strong colors. 3 for 65c; \$2.25 per doz.

BLEEDING HEARTS. Old-fashioned favorite. Its long branches and graceful, heart-shaped pink flowers are always attractive. It is perfectly at home in any part of the garden, and blooms at the same time as the tall-stemmed Tulips. Plant in fall or very early spring. 3 for \$1.25; \$3.75 per doz.

BUDDLEIA (Butterfly Bush). For summer blooming and continued blossoms through early fall, Butterfly Bushes are unsurpassed, either for show or for use as cut flowers, and are now available in the following varieties:

Charming. The new Pink Buddleia, producing long flower sprays, giving a wonderful effect in the garden. 75c each; 3 for \$2.00.

Dubonnet. A lovely shade of wine-red, of erect growth, long stemmed. A fine late summer cut flower. 75c each; 3 for \$2.00.

Farquhari. Delicate lavender-pink, with an intense orange center. 50c each; 3 for \$1.35.

Ile de France. Dark purple, long flowering spike, free blooming and a vigorous grower. 50c each; 3 for \$1.35.

DELPHINIUM, Giant Pacific Hybrid Strain. This strain by far surpasses in brilliance and variety of color any we have seen so far, producing flowers of huge size and variety of color. Mixed. 30c each; 3 for 75c; \$2.50 per doz.

DELPHINIUM BELLADONNA. Light blue. This variety does not grow quite as tall as the Giant Strain, but produces more spikes which are ideal for cutting. 3 for 85c; \$2.75 per doz.

Lamartine. Rich indigo-blue form of the above. Also fine for cutting and rich color effect. 3 for \$1.10; \$3.30 per doz.

DOUBLE RUSSIAN VIOLETS. Purple-blue flowers, double, sweet-scented. Perfectly hardy anywhere. Ideal for shady location. 3 for \$1.19; \$3.50 per doz.

FUCHSIA, Magellanica. Hardy Fuchsia, whose ruby-red pendent flowers are produced by the hundreds, flowering just as freely in semi-shade as in full sun, as all other Fuchsias. They are well adapted for shady places. You will find them an interesting plant for the flower border, as well as the rock garden. Until the plant has been tried more universally we would advise covering with leaves during the winter months, north of Philadelphia or Cincinnati. Do not plant in heavy clay soil. Any good, well-drained soil will do. 3 for \$1.10; \$3.30 per doz.

GYPSOPHILA (Baby's Breath), **Bristol Fairy.** A sensational new development of the double-flowering Gypsophila, a very valuable cutting subject, with much larger florets in fuller panicles; the blooming season naturally longer, and possibly continuous all summer. Pure white, slightly blushed in cool weather. 50c each; 3 for \$1.35.

Delphinium

Cushion CHRYSANTHEMUMS

A group of low growing 'Mums, forming mounds of blooms reminding one of the old-fashioned Azalea. The plants grow about 10 to 12 inches high and spread 2 feet or more. They start to bloom quite early and are in full bloom in September, being literally covered with hundreds of flowers which last over a long period. With a little straw protection the plants are quite hardy. They all originated from Chrysanthemum Amelia, better known as Pink Cushion 'Mum.

BRONZE CUSHION. The bronze form with deep bronze flowers turning to bronzy, coppery yellow. 3 for \$1.00; \$3.00 per doz.

PINK CUSHION. Producing light pink flowers by the hundreds. 3 for \$1.00; \$3.00 per doz.

WHITE CUSHION. While opening as a delicate pink, the flowers turn pure white as they develop. 3 for \$1.00; \$3.00 per doz.

YELLOW CUSHION. The yellow form of the cushion 'Mum, pure golden yellow, hundreds of blooms, and long lasting. 3 for \$1.00; \$3.00 per doz.

Novelty Cushion 'Mum New Dwarf Chrysanthemum

Little Bob. We are sure you will like this new introduction, which is a charming, low-growing garden Chrysanthemum from England. Early in the fall the double button-like flowers of mahogany-bronze appear, and cover the plants with hundreds of blooms, borne on short, stiff, wirelike stems. The plants spread to about 2 feet in diameter, are of perfectly symmetrical shape, and when in full bloom are completely covered with flowers. 65c each; 3 for \$1.75.

Clara Curtis. Single, salmon-pink, daisy-like flowers, about 3 inches in diameter, well arranged on short, much-branched stems about 1 to 1½ feet high, at their best in August and early September, covering the plants by the hundreds, so that they look like small mounds of pink. This variety is perfectly hardy, and will do well in almost any soil or location. Since they flower early they are never subject to frost damage. They may be dug up in early winter and forced in pots, to bloom in February and March. 60c each; 3 for \$1.50.

Little Bob

HARDY PERENNIALS—Continued

HEMEROCALLIS (Day Lily), **Hyperion.** The most outstanding variety of the newer Day Lilies. The flowers produced are a fine citron-yellow. Very profuse bloomer on strong stems 40 inches tall. Makes an ideal cut flower as buds open well in water. Delightfully fragrant. Blooms in July and August, either sunny or shady locations. Received an Award of Merit from Royal Horticultural Society. 75c each; \$7.50 per doz.

MERTENSIA VIRGINICA (Blue Bells). Early spring-flowering plant, height 1 to 1½ feet, with blue bells, fading to pink. Grows in ordinary soil, likes a shady or partially shady place. Makes a fine companion plant for Daffodils or yellow Tulips. Plant in fall. 3 for 75c; \$2.25 per doz.

ORIENTAL POPPIES.

Beauty of Livermore. Deep oxblood-red with black blotch. 3 for \$1.00; \$3.00 per doz.

Mrs. Perry. Orange-apricot with faint lilac suffusion. 3 for 75c; \$2.25 per doz.

Perry's White. Very large and shapely, pure white. 3 for \$1.25; \$4.00 per doz.

(Shipping season for Poppies is during August and September. Poppies planted at other times usually fail.)

Anemone Myosotidiflora

Plants Advised for Covering Tulip Beds

ANCHUSA Myosotidiflora. (Perennial.) 12 inches. Of distinct dwarf type, with clusters of charming blue flowers resembling forget-me-nots. Will do well in either sunny or shady places. A splendid companion plant for a group of tulips. 3 for 95c; \$3.00 per doz.

MYOSOTIS or FORGET-ME-NOTS. (Biennial.) Your choice of blue, white or pink. 85c per doz.; \$6.25 per 100.

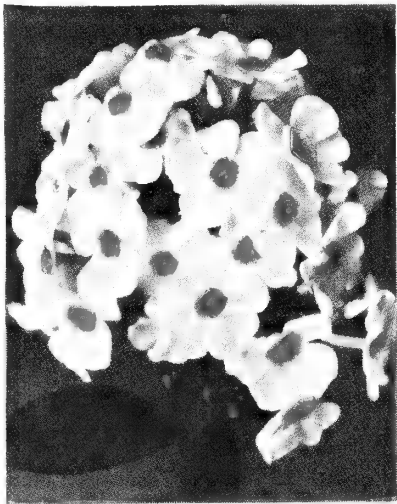

Double Russian Violets (See page 27)

STOKESIA, Blue Moon. This new variety is of exceptional merit, being a vigorous grower and very free flowering. The enormous disclike light blue flowers are from 5 to 6 inches in diameter, growing on strong 12- to 18-inch stems, of easy culture and perfectly hardy. Blossoms during a time when garden flowers are scarce, producing from late summer until stopped by hard frost. 3 for \$1.50; \$4.50 per doz.

PAEONIA OFFICINALIS. The old-fashioned early flowering Peony. This variety is highly desired for its earliness and free blooming habits. Dark red. 75c per clump; 3 for \$2.00.

Phlox Subulata

Phlox Subulata Alba. 6 inches. Pure white form of Phlox subulata rosea. Ideal for borders. 3 for 75c; \$2.25 per doz.

Subulata, Vivid. 6 inches. Bright pink with a dark pink eye. Ideal for borders. 3 for 95c; \$3.00 per doz.

Subulata Rosea. 6 inches. Beautiful rose-pink Phlox which thrive in a hot, dry situation. Ideal for borders. 3 for 75c; \$2.25 per doz.

NEW PHLOX NIVALIS SYLVESTRIS. This Phlox is radically different from any of the Phlox subulata type, and was classified "Nivalis" by Prof. Edgar T. Wherry of the University of Pennsylvania. It is a much more thrifty grower, laterals more rugged, flower stems stiff enough to withstand a heavy downpour. Individual florets 1½ inches in diameter, the size of a half dollar. Color is cyclamen-pink, and of redder shade than "Vivid." 3 for \$1.50; \$4.50 per doz.

Phlox Divaricata. A native species well recommended for extensive planting, producing large, fragrant, bluish to lavender flowers on 10-inch stems. Prefers a shady location. 3 for \$1.10; \$3.30 per doz.; \$20.00 per 100.

Karl Rosenfield

Honeysuckle Halliana

Hardy CLIMBING VINES

AMPELOPSIS VEITCHI (Boston Ivy). Most popular climbing plant for covering brick, stone or wooden walls. After it becomes established it grows rapidly and clings to the smoothest surface. 50c each; 3 for \$1.35.

CLEMATIS JACKMANI. No other climbing plant equals in attractiveness this large, beautiful purple-flowered Clematis. In planting provide good drainage, using plenty of sharp sand and manure to a depth of 2 feet, and set plant so the crown is at least 3 inches beneath the surface. Protect the runners with straw and burlap the first winter. No protection required after first winter. \$1.00 each; 3 for \$2.50.

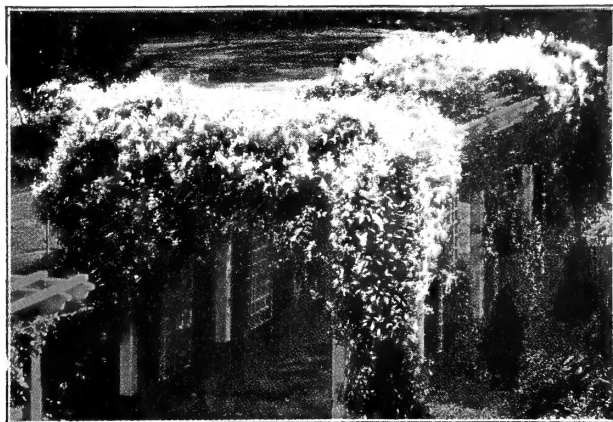

HONEYSUCKLE HALLIANA. Their clinging qualities are all that can be desired, but the fragrance of their flowers makes the strongest bid for favor. The flowers are an intermingling of white and yellow. Very satisfactory. 35c each; 3 for 95c.

EVERBLOOMING HONEYSUCKLE GOLD FLAME.

Large fragrant flame-red trumpets lined with gold and rose are produced in immense showy clusters; blooming from early summer until frost. The blooms are produced the same year the plant is set out. Foliage is dark blue-green, disease and pest free. Each \$1.00; 3 for \$2.75.

POLYGONUM (Silver Lace Vine). One of the fastest growing vines, attaining a height of 25 feet or more, producing foamlike white flowers during the later part of the summer. 65c each; 3 for \$1.50.

WISTERIA SINENSIS (Chinese Wisteria). Producing large fragrant lavender-blue flowers in compact clusters. They come into bloom very young, and all the flowers bloom at the same time, before any leaves appear. Each \$1.25; 3 for \$3.25.

Polygonum—Silver Lace Vine

CHRYSANTHEMUM MAXIMUM-ESTHER REED

An Introduction You Will Enjoy

An Ideal Plant — Grand for Cutting Always in Flower

Indeed Esther Reed possesses more good points than any herbaceous plant in existence. Its pure white flowers are full double, very large, long lasting and of enormous substance. When the flower is just out, its center is compact and slightly green, but gradually the center broadens out and develops into pure white.

When the first flowers appear in June their diameter is as much as 4 inches, while later in the season the flowers become a little smaller. It is impossible to give an idea of the quantity of flowers one plant can produce, for every time the flowers are cut, fresh flower stems shoot up again.

The plants begin to bloom about the third week in June, just at a time when Pyrethrums are finished and flowers are rather scarce. From then on they keep flowering until late in the season. Even in the beginning of November when Dahlias and several other plants are cut down by the frost, there are still some Esther Reeds in flower. And although these flowers are smaller and shorter than earlier in the season, they are still very useful.

The best time for planting is early in the spring. If planted in April they will produce an abundance of flowers the same season. Planting in August or early September will also give good results. Generally speaking they are easy growing plants, impartial as to soil, although best results are obtained on land that is well cultivated.

One can improve the size of the flowers and length of the stems considerably by disbudding some of the side shoots. It is, furthermore, advisable to lift and divide the plants every two years. The flowers that are bloomed out should always be cut. Double Shasta Daisy Esther Reed has been tried in many parts of the world, and has proved satisfactory everywhere. We have produced it on 18-24 inch stems. Each, 50c; 3 for \$1.25; 10 for \$3.50.

Nature's Way to a Productive Soil

Superior Brand Peat Moss

Plants are living, growing things, and need a congenial environment. This means a favorable climate, and more important still, a correct soil. Soil is made up of two kinds of material; mineral or inorganic; and vegetable or organic. Both are essential sources of plant food, but the organic material (called humus) plays by far the most important part. Peat Moss is the most desirable type of humus known. It is pure vegetable matter that improves soils that are too sandy by giving them body and coherence, and it gives life and porousness to heavy soil.

Superior Brand Peat Moss is excellent as a mulch. A layer of the loose, fluffy material on top of the ground will greatly check evaporation. Applied from one to five inches deep it conserves soil moisture and prevents erosion. In winter it protects plant roots from severe cold.

Superior Brand Peat Moss is sold in bags, each containing two bushels. We will ship by freight, charges collect, unless you instruct otherwise. Shipping weight per bag of two bushels, about 50 pounds.

1 bag (two bushels) 99c

2 bags (four bushels) \$1.77

3 bags (six bushels) \$2.57

4 bags (eight bushels) \$3.37

1 cubic yard (22 bushels) \$6.50

2-Way Money-Saving. Two bags (about 100 lbs.) can be shipped as cheaply as one bag, since freight companies make no reductions under 100 pounds; thus you save on freight when two bags are ordered. And when you order two bags you pay only 78c for the extra bag. Order two or more bags, and save money.

Grofast Cartridges

(Makes plants shoot up)

Scientists have obtained some wonderful results with Vitamin B₁, more luxuriant foliage, more rapidly growing seedlings, earlier maturity of flowers and fruits, better lawns, and fine flowers on plants that failed to bloom before.

The great advantage of **Grofast** over ordinary Vitamin B₁ preparations is that it eliminates the labor involved in applying this wonder working product. No sprinkling cans, eyedroppers or other equipment are needed. A child may apply it. Remove the nozzle from your hose, drop a Grofast Cartridge into it, replace the nozzle, turn on the water, adjust the nozzle so it will produce a fine spray and then distribute Vitamin B₁ to any part of your garden.

It is inexpensive. Contrary to what you have every reason to expect, the cost is small, only \$1.00 for a box of 30 Cartridges, which is sufficient to "vitamize" a small garden once a week for an entire growing season.

At your request we will gladly mail you free of charge a complete catalog of Gardex Soil-Flow garden tools.
